Material Safety Data Sheet

Section 1 – Company and Product Identification

Issued by:	JEEN International Corporation 24 MADISON ROAD FAIRFIELD, NJ 07004 Tel#: 973-439-1401	Chemtrec Emergency Tel.# *Chemtrec International Tel.# *Collect Calls Accepted Issue Date: 08-09-11	800-424-9300 703-527-3887
------------	--	--	------------------------------

Product Name: **JEESILC 6056**
Chemical Name: Dimethicone, Dimethiconol, Laureth 4, Laureth-23
Chemical Family: Silicone Polymer Complex
INCI: DIMETHICONE (Polydimethylsiloxane), DIMETHICONOL, LAURETH-4, LAURETH-23
CAS No.: 63148-62-9, 70131-67-8, 5274-68-0, 68551-12-2
EINECS: Exempt

Section 2 – Composition/Information on Hazardous Ingredients

Item	CAS Number	Minimal Health Hazard/Combustible EINECS Number	Exposure Limits
None			

This material is for industrial use only, not for food, medical or drug use.

Section 3 – Hazards Identification

Item	CAS Number	EINECS Number	Exposure Limits
These are no potential health effects expected from handling this material. Good manufacturing practices are always recommended when handling any chemicals. There are no significant laboratory data to suggest any hazard to humans.			

Eyes: Direct eye contact may cause temporary discomfort with mild redness and dryness similar to windburn.
Skin: A single prolonged exposure (24 – 48 hours) causes no known adverse effect.
Inhalation: No irritation to respiratory passages is expected from relatively short exposures of less than 8 hours.
Oral: Small amounts transferred to the mouth by fingers during use should not injure. Swallowing large amounts may cause digestive discomfort.

Repeated exposure effects:
Skin: None known.
Inhalation : None known.
Oral: None known.

Comments: None

Section 4 – First Aid Measures

In case of swallowing: No first aid should be needed. If discomfort occurs, obtain medical attention. Wash out mouth thoroughly with water; Do not induce vomiting; seek medical attention.
In case of inhalation: Short-term harmful health effects are not expected from vapor generated at ambient temperatures. If first aid is required, remove to fresh air; symptomatic treatment.
In case of contact with eyes: Rinse immediately with plenty of water for at least 15 minutes; seek medical attention.
In case of contact with skin: Wash with plenty of soap & water; if irritation persists or develops, seek medical attention. Remove contaminated clothing and laundry before reuse.
Comments: Treat symptomatically.

MATERIAL SAFETY DATA SHEET

Page No. 2 of 3 – MSDS – JEESILC 6056

Section 5 – Fire Fighting Measures

Flash Point:	> 200°C by Pensky Martens closed cup.
Auto-ignition Temperature:	No determined.
Flammability Limits in Air:	Not determined.
Extinguishing Media:	Carbon dioxide (CO ₂) water spray. Dry chemical foam water can be used to cool fire exposed containers.
Fire Fighting Procedures:	Self-contained breathing apparatus and protective clothing should be worn in fighting fires involving chemicals.
Hazardous Decomposition Products:	Silicon dioxide. Carbon oxides and traces of incompletely burned carbon compounds.

Section 6 - Accidental Release Measures

Containment/Clean Up: Sections 13 and 15 of this MSDS provide information regarding certain Federal and local requirements. Collect for disposal. Clean up remaining materials from spill with suitable absorbent. For large spills provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean area as appropriate since some silicone material, even in small quantities, may present a slip hazard. Final cleaning may require steam, solvents, or detergents. Observe all personal protection equipment recommendations described in Sections 5 and 8 of this MSDS. Observe all Federal, Provincial and local regulations that may apply to the clean up of this material.

Section 7 – Handling and Storage

Handling:	Safety Glasses and PVC Gloves.
Storage:	Keep container closed. Product is Non-Hazardous

Section 8 – Exposure Controls/ Personal Protection

Engineering Controls:	Local Exhaust:	None should be needed.
	General Ventilation:	Recommended.

Personal Protective Equipment for Routine Handling

Eyes:	Use proper protection – safety glasses as a minimum
Skin:	Washing at mealtime and end of shift is adequate.
Suitable Gloves:	No special protection is needed.
Inhalation:	No respiratory protection should be needed.
Suitable Respirator:	None should be needed.

Personal Protective Equipment for Spills

Eyes:	Use proper protection – safety glasses as a minimum
Skin:	Washing at mealtime and end of shift is adequate.
Inhalation/Suitable Respirator:	No respiratory protection should be needed.
Precautionary Measures:	Avoid eye contact. Keep container closed.
Note:	These precautions are for room temperature handling. Use at elevated temperatures or aerosol spray applications may require added precautions.

Section 9 – Physical and Chemical Properties

Appearance:	Off White Creamy Liquid
Color:	Off White
Odor:	Mild
Specific Gravity @ 25°C:	0.96 gm/ml
Solubility in Water:	Insoluble
Viscosity, cps:	4,000
Melting Point:	Not Applicable
Boiling Point:	> 100 °C @ 760 mm
Vapor Pressure @ 25 °C:	Not Determined
pH:	Not Determined

MATERIAL SAFETY DATA SHEET

Page No. 3 of 3 – MSDS – JEESILC 6056

Section 10 – Stability and Reactivity

Chemical Stability: Stable
Hazardous Polymerization: Will not occur.
Conditions to Avoid: None known.
Materials to Avoid: None known.

Section 11 – Toxicological Information

Optional Section – Complete information not yet available.

Section 12 – Ecological Information

Optional Section – Complete information not yet available.

Section 13 – Disposal Information

Landfill and/or incineration where permitted under Federal, Provincial or local laws. Observe all local, Provincial, and Federal waste management regulations.

Section 14 – Transportation Information

U.S. DOT

Proper Shipping Name: Not Applicable
UN Number: Not Applicable
Primary Class: Not Applicable
Subsidiary Risk: Not Applicable
Product Identification Number: None
Packing Group: Not Applicable

Section 15 – Regulatory Information

This product has been classified in accordance with the hazard criteria of the CPR and this MSDS contains all information required by CPR.

TSCA STATUS: All chemical substances in this material are included on or exempted from listing on the TSCA Inventory Chemical Substances.

WHMIS Classification: Product is not subject to WHMIS regulations.

EPA SARA Title III Chemical Listings:

Section 302 Extremely Hazardous Substances (40 CFR 355): None

Section 304 CERCLA Hazardous Substances (40 CFR 302): None

Section 311/312 Hazard Class (40 CFR 370): Acute: No, Chronic: No, Fire: No, Pressure: No, Reactive: No

Section 313 Toxic Chemicals (40 CFR 372): None

Supplemental State Compliance Information:

California: Warning: This product contains the following chemical(s) listed by the State of California under the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) as being known to cause cancer, birth defects or other reproductive harm, None known.

Massachusetts: No ingredients regulated by MA Right-to-know Law present

Section 16 – Other Information

Intended Uses: Cosmetic References:

Health: 1
Flammability: 2
Reactivity: 0
Personal Protection: C

The data in this MSDS relates only to the specific material designated herein and does not relate to use in combination with any other material or in any process. This data is offered in good faith as typical values and not as product specifications. No warranty, either expressed or implied, is hereby made. The recommended industrial hygiene and safe handling procedures are believed to be generally applicable. However, each user should review these recommendations in the specific context of the intended use and determine whether they are appropriate.
