

# TRANSPORT EMERGENCY CARD (Road)

Card #TR0301  
Revision 01/2000  
Class 8 ADR  
It.  
Packing Group II

## LOAD

### CARDOLITE NC 558

- CORROSIVE OR SLIGHTLY CORROSIVE LIQUID ALKYLAMINES, ARYLAMINES AND POLYAMINES
- Usually colourless liquid - Perceptible odour
- May be fuming
- Immiscible with water - Lighter than water

## NATURE OF DANGER

- Flammable
- Corrosive. Combustible
- Contact with liquid causes severe damage: to eyes, to skin
- The vapour has irritant effect: on eyes, on air passages
- The vapour is heavier than air and spreads along ground
- May form explosive mixture with air, particularly in empty uncleaned receptacles
- Heating will cause pressure rise with risk of bursting and subsequent explosion
- Decomposition in a fire: production of toxic fumes. Symptoms may develop after several hours

## PERSONAL PROTECTION

- Suitable respiratory protection device
- Goggles or face shield
- Light protective clothing
- Protective gloves
- Protective footwear
- Eyewash bottle with clean water
- Two self-standing warning signs, handlamp, warning vest

## GENERAL ACTIONS BY THE DRIVER

- Stop the engine
- No naked lights. No smoking
- Mark roads with self-standing warning signs and warn other road users or passers-by
- Keep public away from danger area. Keep upwind
- Notify police and fire brigade as soon as possible

## ADDITIONAL AND/OR SPECIAL ACTIONS BY THE DRIVER

- Any action only if without personal risk
- Avoid direct contact with substance
- Stop leaks if without risk
- Prevent liquids entering water courses, sewers, basements and workpits
- Absorb in earth or sand or other suitable material, using shovel or broom
- If substance has entered a water course or sewer or been spilt on soil or vegetation, advise police

## FIRE (information for the driver in case of fire)

- Do not attempt to deal with any fire involving the load

## FIRST AID

- If substance has got into the eyes, immediately wash out with plenty of water. Continue treatment until medical assistance is provided
- Remove contaminated clothing immediately and wash affected skin with soap and water
- Seek medical treatment when anyone has symptoms apparently due to inhalation, swallowing or contact with skin or eyes
- Persons who have inhaled the fumes produced in a fire may not show immediate symptoms. They must lie down and keep quite still and should be taken to a doctor with this card. Patient must be kept under medical supervision for at least 24 hours

## SUPPLEMENTARY INFORMATION FOR EMERGENCY SERVICES

- Remove absorbed substance to safe place
- Keep container(s) cool by spraying with water if exposed to fire
- Extinguish with waterspray, foam or dry chemical
