

## **Environmental Policy**

Cornelius Group PLC (the Organisation) is committed to reducing the impact of its activities on the environment and assisting our customers/service providers to do the same by encouraging them to use sustainable resources and suitable practices.

To this end the Organisation has implemented an Environmental Management System to continually improve its environmental performance.

The Environmental Management system covers the activities and functions performed by all operating sites including the procurement, sales, manufacture, warehousing and distribution throughout the global market for raw material and goods for many industries.

The Environmental Management System includes the assessment of the key issues relating to internal and external interested parties associated with the business and addresses issues or opportunities that arise as a result of continual monitoring.

In order to meet its commitment the Organisation will adopt the following approach:

- To ensure compliance with all applicable environmental legislation, regulations and the requirements of our Environmental Permit issued to our UK manufacturing operation
- To maintain its waste management practices
- To reduce its consumption of natural resources
- To continuously assess its environmental performance and that of its service providers
- To maintain positive working relationships with the applicable local environmental agencies
- To make its environmental information available to interested parties
- To maintain accreditation to the UN Global Compact agreement
- To achieve accreditation to the ISO14001:2015 Standard within 12 months of this policy
- To commit to the protection to the environment in all areas relevant to the context of the organisation

The necessary personnel and financial resources will be allocated to assist the Organisation in meeting its environmental objectives and targets that will be reviewed as appropriate. In addition the Organisation will continue to raise the levels of environmental awareness throughout its workforce and to promote this awareness to its customers and suppliers.

The Organisation is committed to operating its Environmental Management System in a manner that attains and sustains compliance to the international Environmental Management Standard ISO 14001:2015

Signed:

Date: 19/12/2019
